Forecast for Sunday 10 Apr 2022

Weather: Many ranges will have a dry day. Some brightness around at first but high cloud will thicken through the afternoon and evening. Some snow may affect the peaks of Mull, Kintyre and Jura for a short time in the early evening.

Chance of cloud-free hill tops above 800m: 80%

Low Cloud and visibility: Generally very good with great air clarity. Some cloud down to 900 metres developing in the afternoon shrouding the higher tops, and lowering to 700 metres along the west coast by early evening.

Met Office Aberdeen Meteorologist's View

Forecast for Monday 11 Apr 2022

Weather: Most of the day will be dry although there will be a lot of cloud. Outbreaks of snow, with rain at lower elevations, will spread north from late afternoon onwards with all ranges seeing some precipitation in the evening. Cold and windy, summit gales.

Maximum wind: Southeasterly gusts 40 to 50 mph on the tops

Chance of cloud-free hill tops above 800m: 70%

Low Cloud and visibility: Generally very good with cloud mostly above the tops for much of the day. Cloud down to 600 metres will become more widespread during the evening period

Temperature: **Glens:** Minus 1 rising to 11 Celsius
At 800m: 0 Celsius
Freezing level: 800 to 1200 metres
